Section-wise Average Scores

Detailed Questions & Answers

Technical Round:

Q1: What are the key features of React?

A1: React has several key features including virtual DOM, component-based architecture, unidirectional data flow, JSX syntax, and a strong community support.

Score: 8 / 10

Q2: Explain the useEffect hook.

A2: The useEffect hook is used to perform side effects in function components. It can mimic lifecycle methods like componentDidMount, componentDidUpdate, and componentWillUnmount.

Score: 7 / 10

Behavioral Round:

Q1: Tell me about a time you faced a challenge in a team project.

A1: During a team project, we had conflicting ideas on the UI design. I facilitated a session to combine the best of both designs, resulting in a better outcome and improved collaboration.

Score: 7 / 10

Q2: How do you handle feedback?

A2: I believe feedback is crucial for personal and professional growth. I actively listen, thank the person, and reflect on the feedback to implement improvements.

Score: 8 / 10
